

Attorney Docket No. 13DV-13934 (07783-0080)
Application No. 09/886,362

B.) AMENDMENTS TO THE SPECIFICATION

Please replace paragraph [0058] bridging pages 18 and 19 of the Specification, with the following rewritten and amended paragraph:

[0058] By selecting the TBD scorecard option 1204 the user can display a scorecard that includes all "To Be Determined" (TBD) fields for a project. The TBD scorecard option 1204 also gives the user the option to limit the TBDs in the scorecard to only those TBDs in one or more particular fields, such as risk description field 804, risk cause field 808, abatement approach field 810 and abatement action field 1004. The selection of the deleted risks option 106 displays in a scorecard those risks of the project that have been deleted. The selection of executive summary report option 1208 generates and displays a summary of only the critical risks of the project. Finally, the selection of the high, medium and low risks option 1214 generates and displays a bar or pie chart revealing the number of high, medium and low risks for a project. By exporting the information to the spreadsheet file the user can obtain a hardcopy of the information in the report or table.
